

PROJECT

RUSHMORE

THE JOURNEY CONTINUES

Welcome to Harley-Davidson 2015 - the next horizon-chasing leg of the journey we're on with our customers in pursuit of the next great ride. Last year, we cranked hard with the introduction of Project RUSHMORE. And the innovations rolled like thunder. Reflex™ Linked Brakes with ABS, LED lighting, touchscreen infotainment, new High Output engines, unprecedented passenger comfort, one-touch saddlebag latches, and more. This year, the pace continues. Check out the new machines that countless miles in the saddle have built. Now all of us can reap the rewards.

THE ROAD GLIDE RETURNS

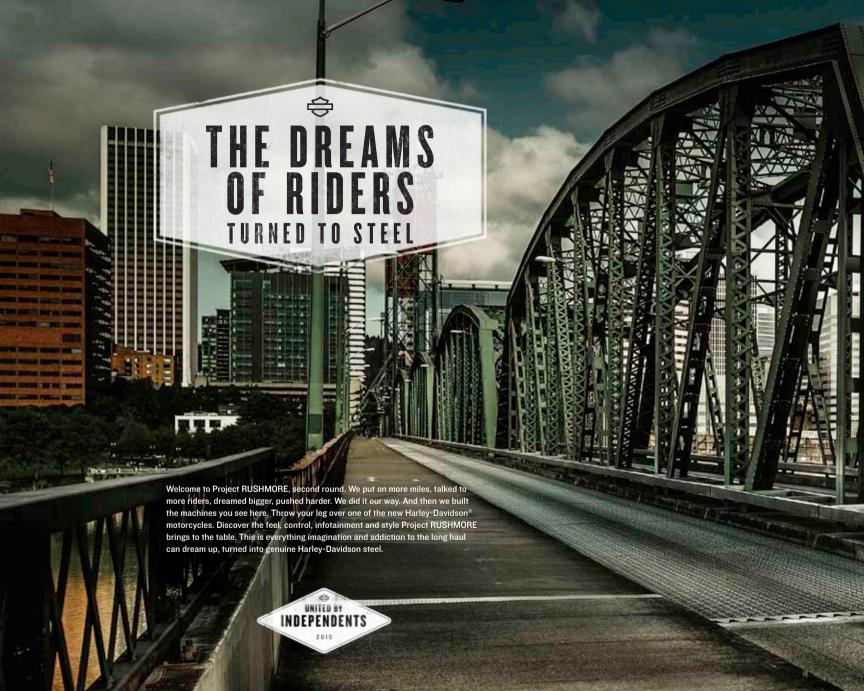

and mile-devouring function. Road warriors everywhere are licking their chops.

THE ALL-NEW LOW GRAND TOURING MODELS

The new Electra Glide® Ultra Classic® Low and the Ultra Limited Low motorcycles give you a brand new ergonomic fit including the lowest seat you can find on a full-fledged, fully loaded touring machine.

saddlebags. And 1200 cubic centimeters of Harley-Davidson® V-Twin engine power. Every mile in this low-slung saddle just makes you hungry for more miles.

SEE EVERY SECOND OF EVERY DAY AS ULTRA Limited O P P O R T U N I T Y BOOM!™ Box 6.5GT infotainment with GPS and touchscreen, plush passenger High Output Twin Cam 103™ engine.

ELECTRA GLIDE° ULTRA CLASSIC°

2015

In the beginning there was the Electra Glide® Motorcycle. And it was good. Now, there's the Project RUSHMORE Electra Glide® Ultra Classic®. And it's friggin' awesome. Built from a never-ending hunger for the road. Settle in behind its batwing fairing and splitstream yent. Experience how far touring has come.

TRI GLIDE® ULTRA The Tri-Glide Ultra is what happens when people who love trikes put their heads together to build all the trike technology the law will allow. Twin Cooled™ High Output Twin Cam IO3™ engine, touchscreen infotainment, rear to front linked brakes. It's all there, Get on and get gone.

PROJECT

RUSHMORE

THE JOURNEY CONTINUES

THIS SHOULD GIVE YOU AN EVIL GRIN

FROM THE WICKED NEW DUAL REFLECTOR DAYMAKER™ LED HEADLIGHTS TO THE COMBINATION STOP/TURN/TAILLIGHTS. THE ROAD GLIDE® SPECIAL MOTORCYCLE IS PROOF OF WHAT CAN HAPPEN WHEN WE SET OUT TO MAKE THE ULTIMATE STATEMENT IN CUSTOM, HIGH-MILE AGGRESSION AND BUILD IN ALL THE

FUNCTION RIDERS DEMAND TO BACK IT UP. SO NOW THE ROAD GLIDE IS BACK. AND LEADING THE WAY IS THE ROAD GLIDE SPECIAL YOU SEE HERE. GIVE IT YOUR MOST SCRUTINIZING

NEW DUAL REFLECTOR DAYMAKER™ LED HEADLIGHTS

HERE ARE THE STATS: AN IMPROVEMENT UP TO 25% IN PUNCH AND 67% IN SPREAD. HERE'S TO KEEPING THE KICKSTAND UP WHEN THE SUN GOES DOWN.

NEW HANDLEBAR

THE NEW HANDLEBAR DESIGN ON ALL THE ROAD GLIDE® MOTORCYCLES BRING THE HAND GRIPS CLOSER TO THE RIDER FOR A MORE COMFORTABLE FIT.

NEW TRIPLE SPLITSTREAM FAIRING

NOTE THE TRIPLE SPLITSTREAM VENTS IN THE ALL-NEW FAIRING. IN HEAD BUFFETING TESTS, THE NEW ROAD GLIDE* MOTORCYCLE BEATS ALL OTHERS HANDS DOWN. RIDE IT AND YOU WILL BELIEVE. THE AGGRESSIVE NEW LOOK BEATS OTHER MOTORCYCLES HANDS DOWN, TOO. YOU CAN SEE THAT HERE. SO YOU'RE PROBABLY ALREADY A BELIEVER.

THE QUESTION IS, HOW FAR DO YOU WANT TO TAKE IT?

NEW PASSENGER GRAB RAILS

WIDER DIAMETER GRIP GIVES YOUR PASSENGER
AN EASIER. MORE COMFORTABLE GRIP.

12" MINI APEHANGER BARS

THE TALLEST BARS YOU CAN GET FROM AN OE MANUFACTURER. THE HEIGHT ISN'T JUST FOR STYLE. IT PUTS THE HAND CONTROLS CLOSER, AND GIVES YOU MORE LEVERAGE FOR EASY TURNING.

BLACK POWDER-COATED ENGINE WITH CHROME COVERS

AT THE CENTER OF THE FREEWHEELER™ MODEL, YOU GET A HIGH OUTPUT TWIN CAM 103™ ENGINE. AND ALL THE TORQUE AND PASSING POWER IT'S FAMOUS FOR. BLACKED OUT, WITH CHROME HIGHLIGHTS.

NEW CHROME SLASH CUT MUFFLERS

THE BIG V-TWIN ENGINE ON THE FREEWHEELER™ MODEL PUTS ITS EXHAUST NOTE THROUGH ALL NEW CHROME SLASH CUT MUFFLERS. THEY'RE 3" SHORTER, MATCHING THE MACHINE'S LENGTH.

YOU CAN'T GET ANY CLOSER TO THE ROAD

WHAT DIFFERENCE DOES THE "LOW" MAKE ON THE ELECTRA GLIDE" ULTRA CLASSIC" LOW AND ULTRA LIMITED LOW MODELS? LET'S START WITH THIS: IT MEANS THE LOWEST SEAT HEIGHT IN TOURING – JUST 25.6" OFF THE GROUND. BUT IT MEANS MORE THAN A LOW SEAT. FROM THE WIDTH OF THE PRIMARY HOUSING AND DERBY COVER TO THE DIAMETER OF THE GRIPS, WE WENT OVER THIS MACHINE TOP TO BOTTOM TO MAKE IT FRIENDLY TO THE RIDER. IT'S SIMPLY THE MOST CONFIDENCE AND CONTROL YOU CAN FEEL ON A TOP-OF-THE-LINE, FULLY LOADED TOURING MACHINE.

NEW HANDLEBAR POSITION, REDUCED DIAMETER GRIPS

WE REPOSITIONED THE HANDLEBAR, MADE THE GRIPS THINNER, AND ADDED A NEW ASSIST AND SLIP HYDRAULIC CLUTCH TO MAKE WORKING THE LEVERS EASIER. LONG STORY SHORT, IT'S LESS REACH AND EFFORT FOR YOUR ARMS AND FINGERS.

REDUCED WIDTH PRIMARY HOUSING AND DERBY COVER

GETTING BOTH FEET FLAT ON THE GROUND GETS EASY WITH THE NARROW PRIMARY HOUSING AND DERBY COVER, YOUR LEFT LEG HAS A STRAIGHT SHOT TO THE PAVEMENT.

Ultra Limited Low

Ultra Limited

NEW PASSENGER FOOTBOARDS

NEW FOOTBOARDS AND MOUNTS FOLD OUT OF THE WAY FOR MORE LEG CLEARANCE.

PREMIUM LOWERED SUSPENSION

PREMIUM I" LOWERED FRONT AND REAR SUSPENSION DROPS YOUR CENTER OF GRAVITY. THE RIDE STAYS SMOOTH, THANKS TO COMPONENTS TESTED AND PROVEN OVER THOUSANDS OF MILES.

EXTENDED REACH SIDE STAND

NEW TAB EXTENDS THE SIDE STAND, MAKING IT EASIER TO RETRACT AND DEPLOY.

Ever seen *Easy Rider?* Then you know this look. Forward foot controls put your heels out front in the breeze. There's a hand-finished fuel tank with optional flame paint. And Tommy Gun 2-1-2 exhaust. You also get adjustable suspension, standard ABS, and a new front brake system that plant this bike firmly in the present without straying from its easy riding, outlaw roots.

In the '70s, Harley-Davidson invented the ride-it-hard, put-it-away-dirty custom motorcycle with the Low Rider* motorcycle. Now it's back. Dual disc brakes, a re-tuned suspension, and a mile-devouring Twin Cam 103TM engine. Not to mention a seat and handlebars that adjust to make the machine fit you like a motorcycle glove. If you're gonna go, go low.

[TOP] Here's a little proof that you can look back and forward at the same time. The Harley-Davidson* Softail Slim* motorcycle takes classic bobber style into the present day. A 1690cc Harley-Davidson* V-Twin engine and optional ABS rolling on classic laced wheels wrapped in fat, black rubber. Point it toward open road and looking back will be the last thing on your mind.

[BOTTOM] Timeless style meets modern ride on the Softail* Deluxe motorcycle. Classic stretched fenders and whitewall tires are the first things that make you smile. But then functional features like a low seat, new front brake system for lower braking effort, standard ABS and 103 cubic inches H-D* V-Twin take over and the smile gets even wider. These are good times we live in.

Did you know that the Fat Boy* motorcycle has an evil twin? Well, you're looking at it. The Fat Boy* Lo model. More black than the eye can see riding on black bullet hole disc wheels. The lowered suspension puts you close to the ground for an easy ride and a mean low-riding look. Are you up for raising a little hell?

This one's for those who want a motorcycle that shakes the earth when it rolls by. Big, meaty solid-disc wheels. 103 cubic inch Harley-Davidson* V-Twin engine. Massive FL style front forks. Even the headlight is big – measuring eight inches in diameter. The Harley-Davidson* Fat Boy* motorcycle. Get on the road and crush it.

IRON 883™

We named it Iron because motorcycles don't get any more elemental than this. This is pure Dark Custom® muscle, blacked-out, stripped down and ready to roll loud in optional Hard Candy Custom™ metal flake paint. Grab the low rise drag bars and fire up the 883cc Evolution® V-Twin engine. Yeah, this is all you need.

FORTY-EIGHT®

One look is all it takes to see that this one rolled out of the old school. But while the bloodlines are obvious, that doesn't mean you're on a machine that's not equipped for the modern day. The Forty-Eight's motorcycle gives you optional anti-lock brakes and the latest I200cc Evolution's V-Twin engine. Because ripping through the streets on a ride like this never gets old.

FAT BOB

There's nothing like the thick steel of the Fat Bob® motorcycle to stir something deep inside a rider. Blacked-out finishes. Slash cut mufflers. One-of-a-kind tank graphics that match the lines of the bike. Optional ABS. And I690cc of Harley-Davidson® engine announcing your arrival. Take a look. Are you starting to feel any stirrings yet?

SEVENTY-TWO

You can try, but it's damn near impossible to even look at the Seventy-Two® motorcycle in moderation. Classic peanut tank. Skinny whitewalls on laced wheels. Mini-apes. Solo seat. Forward controls. Side mount plate. Meaty I200cc Harley-Davidson® V-Twin engine. And optional Hard Candy Custom™ metal flake paint. Take your time. Get an eyeful.

RD CANDY BIG RED FLAKE HARD CANDY QUICKSILVER FLAKE

PAINT SO SWEET YOUR RETINAS MIGHT GET A SUGAR RUSH

We lay it down thick and then finish it off the hard way, hand-sanding layer upon layer of clear coat until the sun explodes off it like cherry bombs. Hard Candy Custom™ metal flake paint gives your machine a look dripping with old-school attitude and style. And this year, we've got even more bold new colors to wreak havoc on eyeballs everywhere. There's also a full line of Hard Candy Custom™ metal flake accessories to go with them. Proving no one does eye candy like us.

IMPORTANT - PLEASE READ:

The information printed in this brochure reflects product design, fabrication and component parts at the date of printing.

Vehicles depicted may differ from vehicles manufactured and delivered. Specifications and prices listed may differ from specifications and prices of vehicles manufactured and delivered. All product descriptions (including depictions, specifications, dimensions, measurements and ratings) are based on available information at the time of publication. Although such descriptions are believed correct, errors and changes can occur and complete accuracy cannot be guaranteed. Harley-Davidson may make changes at any time to prices and specifications, and may change or discontinue models, without notice and without incurring any obligation.

Attention: Vehicles in the configurations shown and many of the accessories described in this catalog may not be available for sale or use in some locations. Please check with your dealer for complete product details and the latest information.

All models feature 6-speed transmission (except V-Rod models and Sportster models which are 5-speed) and carbon fiber belt final drive; multi-plate clutch with diaphragm spring in oil bath; and 2-year unlimited-mileage warranty.

- I. Measurement reflects 180 lb. (81.7 kg) operator weight.
- 2. Estimated from fuel economy tests on a sample motorcycle from the corresponding family conducted by Harley-Davidson under ideal laboratory conditions. Not all motorcycle models undergo fuel economy testing. Fuel economy and mileage may vary among motorcycle models within a family. Your mileage may vary depending on your personal riding habits, weather conditions, trip length, vehicle condition and vehicle configuration and other conditions. Break-in mileage may vary.
- 3. Availability of colors may vary from dealer to dealer and is subject to change without notice.
- 4. Prices listed are the Manufacturer's Suggested Retail Prices. Options such as color are available at additional cost. Prices exclude dealer setup, freight, taxes, title, licensing, fees and other charges and are subject to change. Dealer prices
- 5. Standard and optional wheels may vary by country and region.
- 6. North America security system includes immobilizer; outside North America the security system includes immobilizer and siren.
- 7. Freight price applies to the 48 contiguous states and Alaska only.

Custom Color Radioactive Green

WE CARE ABOUT YOU. WHEN RIDING YOUR HARLEY-DAVIDSON® MOTORCYCLE, BE SURE TO RIDE SAFELY, RESPECTFULLY AND WITHIN THE LIMITS OF THE LAW AND YOUR ABILITIES.
