#### OVERSIZED 450 SLIP-ONS

VANCE & HINES PRODUCTS / HARLEY-DAVIDSON / TOURING / 1995 / OVERSIZED 450 SLIP-ONS

#### \$679.95

Bigger is better. The Vance & Hines OverSized 450 slip-on line for Touring models takes it to a new level with massive 4.5-inch diameter mufflers. Finished with equally large CNC machined billet end caps styled with a slight taper and race-inspired flutes, the OverSize 450 fits and looks the part on baggers with extended skirts.

The OverSized 450 slip-on line also puts out a big deep-toned rumble thanks to its large fiberglass wrapped 2.5-inch perforated core baffles, which can also be tempered down with optional quiet baffles. Available in all chrome, all black or chrome with black end caps.

4.5-inch Round with Billet end treatment
 Available in Chrome Finish

- Fits Saddlebags with Extended skirts - Optional Quiet Baffle Available

Instruction Sheet >

## EMISSIONS / WARRANTY

For more information, please visit vanceandhines.com/california

#### **EMISSIONS NOTICE**

California regulates motorcycle aftermarket parts that have the potential to impact emissions. In most cases, the sale and use of emissions related aftermarket parts on motorcycles is prohibited unless it is either a "replacement part" as defined by California, or is a specifically authorized use of that part as reflected in an Executive Order ("EO Part.")

The California Air Resources Board (ARB) regulates aftermarket parts and has promulgated regulations that essentially place all emissions related aftermarket parts into three categories:

(1) Replacement Parts are aftermarket parts that ARB considers to be functionally equivalent to the stock part they are intended to replace, and therefore would not impact the emissions from these vehicles. These parts are appropriate for sale and use on motorcycles used on or off the public highways. For aftermarket exhaust systems and parts, there are two scenarios that identify most replacement parts:

(a) If the motorcycle's stock exhaust system does not contain a catalytic converter, then an aftermarket exhaust part is a replacement part as long as the part does not remove or replace any emission control equipment originally attached to the stock exhaust system, such as oxygen sensors.

(b) If the motorcycle's stock exhaust system contains a catalytic converter in the manifold section of the stock exhaust system, then an aftermarket muffler positioned downstream from the catalytic converter (i.e. cat-back) is a replacement part as long as the part does not remove or replace any emission control equipment originally attached to the stock exhaust system.

(2) Executive Order Parts are aftermarket parts that ARB has evaluated and determined do not adversely impact emissions, and thereby are granted an Executive Order (EO), which allows the part to be sold and used on motorcycles specified in the EO. Any aftermarket exhaust system that replaces or otherwise impacts emission control equipment, including catalytic converters, requires an EO to be sold and used on a motorcycle used on or off a public highway.

(3) Competition Use Only Parts may not be sold or used on a motorcycle that is used on or off the public highways other than those motorcycles used exclusively for competition. Competition Use Only Parts are aftermarket parts that replace or otherwise interfere with the operation of an emission control device, such as a catalytic converter or oxygen sensor, and are only to be sold for and used on a motorcycle that is used only for closed course competition.

#### WORKMANSHIP WARRANTY

ALL VANCE & HINES PRODUCTS ARE WARRANTED AGAINST DEFECTS IN MATERIAL AND WORKMANSHIP FOR A PERIOD OF 90 DAYS. THIS WARRANTY DOES NOT COVER DISCOLORATION OR RUST. THIS WARRANTY SHALL BE LIMITED TO THE REPAIR OR REPLACEMENT OF THE PRODUCT, WHICH MAY BE PROVEN DEFECTIVE UNDER NORMAL USE. VANCE & HINES WILL NOT WARRANTY ANY SYSTEM THAT HAS BEEN ABUSED, MISUSED, IMPROPERLY INSTALLED OR MODIFIED.

DEALERS OR DISTRIBUTORS ARE NOT AUTHORIZED TO MAKE DISPOSITIONS BINDING UPON VANCE & HINES. VANCE & HINES WILL NOT BE RESPONSIBLE FOR ANY LABOR CHARGES INCURRED IN REMOVING OR REPLACING ANY SYSTEM UNDER WARRANTY. A RETURN AUTHORIZATION NUMBER AND A COPY OF THE ORIGINAL PURCHASE INVOICE MUST ACCOMPANY ALL RETURNS. PARTS RETURNED WITHOUT A RETURN AUTHORIZATION MAY BE REFUSED.
